Chapter 1. General Provisions

Article 1 (Purpose) The purpose of these Regulations is to provide for details of matters pertaining to the academic affairs of Korea University (hereinafter referred to as the “University”) in accordance with Article 4(3) of the *Constitution of Korea University* (hereinafter referred to as the “Constitution”).

Article 2 (Detailed Enforcement Regulations, Bylaws, and Guidelines) (1) Matters in these Regulations that necessitate more detailed regulation may be stipulated in detailed enforcement regulations.

(2) Details of matters that are inappropriate for regulation through detailed enforcement regulations may be stipulated in bylaws or internal guidelines (hereinafter referred to as “guidelines”) of colleges (divisions/schools), departments, or offices in charge of such matters.

(3) Bylaws of colleges (divisions/schools) or departments in paragraph 2 may be valid only when all of the requirements set forth in the following subparagraphs are met:

1. Bylaws must have been adopted by a resolution of the faculty council of the college (division/school) or department concerned;
2. Bylaws must have been approved by the President;
3. The provisions of bylaws must not conflict with the purpose of these Regulations;
4. The provisions of bylaws must not fall short of the standards set forth in these Regulations.

(4) The resolution of the faculty council in subparagraph 1 of paragraph 3 shall require the attendance of a majority of the incumbent faculty members and an affirmative vote of a majority of those present.

Article 3 (Amendment) (1) The procedure and method for amending these Regulations shall be in accordance with the *Regulations on the Management, Etc. of University Regulations*.

(2) Amendment to the matters set forth in the following subparagraphs shall be approved by the Korea University Foundation:

1. Establishment or closedown of education centers specified in subparagraph 1 of Article 8(1) of the Constitution;
2. Change in an admission quota exceeding 30 students.

Chapter 2. Administration of Registration Status

Section 1. Registration

(4) In the event students falling within any of the categories set forth in the subparagraphs of paragraph 1 and thus eligible to register for extra credits also fall under the status specified in paragraph 3, said students may register for an additional three credits in excess of the scope set forth in paragraph 3.

Article 45 (Course Add/Drop) (1) Courses shall not be added or dropped after the specified course add/drop period.

(2) Students who need to add or drop courses after the course add/drop period on account of course cancellation shall do so during a separately designated period.

Article 46 (Non-Registration of Courses and Non-Acquisition of Credits) Students who, without justifiable reasons, fail to register for courses or acquire credits after paying tuition shall nonetheless be deemed as having registered for the semester concerned.

Section 4. Credit Acquisition and Credit Acknowledgment

Article 47 (Credits and Course Hours) (1) One credit shall be equal to 15 course hours per semester.

(2) With respect to courses separately designated by the President, such as those involving experiments, practica, and practical works, one credit shall in principle be equal to 30 course hours per semester; however, the Curriculum Steering Committee may establish different standards upon consideration of the particular nature of these courses. *Amended on Sep. 1, 2024*

Article 47–2 (Class Cancellation and Make-up) Details of matters pertaining to class cancellation and make-up during school term shall be separately provided for in detailed enforcement regulations.

Article 48 (Credit Acquisition per Semester) (1) The maximum number of credits that may be acquired by students per semester shall be as set forth in Articles 43(3), 43(6), and 44. *Amended on May 1, 2023; Sep. 1, 2024*

(2) Scholarships may require acquiring a certain number of credits. Matters pertaining to this issue shall be separately provided for in the *Scholarship Awarding Regulations*.

Article 49 (Credit Acquisition from Summer or Winter Courses) (1) The maximum number of credits that may be acquired from summer or winter courses shall be six credits.

(2) Registration and attendance of summer or winter courses shall not be counted toward the number of registrations in Article 36(1) and the required registration period in Article 37.

(3) Credits acquired from summer or winter courses shall be indicated as summer or winter course credits on the academic transcript and counted toward the total number of credits acquired and the overall GPA.

Article 50 (Course Registration and Credit Acquisition for Students on Leave of Absence) (1) Students on leave of absence may also take summer or winter courses. However, students on leave of absence who have met the requirements for graduation by acquiring credits from summer or winter courses may graduate only after completing at least one semester after returning from their leave of absence.

(2) Students on leave of absence for military service in accordance with the Military Service Act may acquire a maximum of six credits per semester and 12 credits per year from courses designated by the University in accordance with prescribed procedures; a grade of P/F shall be granted for the courses so taken, and such courses shall be indicated as “courses taken during military service” on the academic transcript.

Article 51 (Withdrawal of Acquired Credits) (1) Students shall not withdraw acquired credits. However, students may withdraw a maximum of six credits in the event course retake is not possible on account of course abolition; courses for which credits have been so withdrawn shall be indicated with “W” (Withdraw) on the academic transcript, and such withdrawn credits shall not be counted toward the GPA.

(2) In order to withdraw acquired credits, students must have registered for at least seven semesters and acquired a minimum of 102 credits (106 credits for the colleges (divisions/schools) and departments specified in Article 57(2)) and submit an application for credit withdrawal form within the specified period.

(3) The application for credit withdrawal from may be submitted only once, and such application shall not be withdrawn or modified.

(4) Credits for courses that have not been completed shall not be withdrawn.

(5) Courses for which credits have been withdrawn shall not be registered for again.

Article 52 (Taking Graduate School Courses: Eligibility and Scope) (1) Graduate school courses that bachelor’s degree program students may take shall be designated by the department chair of the graduate school concerned. However, professional graduate school courses that bachelor’s degree program students may take shall be separately determined by the dean of the professional graduate school concerned.

(2) The course classification of graduate school courses completed by bachelor’s degree program students shall be determined by their affiliated college (division/school) and department.

(3) To be eligible to take graduate school courses, students must be fourth-year bachelor’s degree program students who have acquired an overall GPA of at least 3.50 from courses they have completed up to the immediately preceding semester. However, qualifications of students eligible to take professional graduate school courses shall be separately determined by the dean of the professional graduate school concerned.

(4) Notwithstanding paragraph 3, combined bachelor-master degree program students may take graduate school courses before entering a graduate program.

Article 53 (Taking Graduate School Courses: Scope of Credit Acknowledgment) (1) Students may acquire a maximum of six credits from graduate school or professional graduate school courses designated by the graduate school or professional graduate school of the University concerned, and credits so acquired may be acknowledged and counted toward credits required for graduation. However, combined bachelor-master degree program students may, in accordance with University regulations, acquire more than six credits from graduate school courses before entering a graduate program.

(2) Credits acquired from graduate school courses during enrollment in a bachelor’s degree program that exceed the number of credits required for graduation from a bachelor’s degree program may be counted toward credits required for graduation from a graduate program.

Article 54 (Credit Acknowledgment for Courses Taken from Other Universities: General Provisions) (1) Students of the University may study at other domestic or foreign universities.

(2) The study in paragraph 1 requires permission of the President following a proposal by the department chair of the students’ affiliated college (division/school).

(3) The number of credits acquired from courses offered at other universities may be acknowledged as those acquired from the University, provided that the number of credits acknowledged does not exceed one-half of the required minimum for graduation. With respect to transfer students, the number of credits acquired from courses offered at other universities that may be acknowledged shall not exceed one-half of the credits required by the University (in addition to the credits acquired during their enrollment at their previous school and acknowledged as those acquired from the University).

(4) Credit acknowledgement in cases where a dual degree program is administered with another university as specified in Article 43 of the *Constitution of Korea University* shall be separately provided for in the *Detailed Enforcement Regulations on the Operation of Dual Degree Programs*. Newly inserted on Sep. 1, 2024

Article 54–2 (Credit Acknowledgment for Off-Campus Courses) (1) Students may acquire the credits specified in Articles 48 and 49 from off-campus courses. Status of Established Interdisciplinary Majors

*Interdisciplinary major courses related to law shall be established at the School of Law.

Major Name	College (Graduate School) / Institution in Charge	Participating Departments	Degree Title
Ecological Landscape Architecture	College of Life Sciences	Division of Environmental Science and Ecological Engineering, Department of Food and Resource Economics, Department of Architecture, School of Art & Design	Bachelor of Landscape Architecture
Science & Technology Studies <Deleted on Sept. 1, 2022>	College of Liberal Arts	Department of Sociology, Department of Philosophy, Department of Public Administration, Department of History, Department of Korean History, School of Media & Communication	Bachelor of Arts
Cryptology <Deleted on Sept. 1, 2022>	College of Science	Department of Mathematics, School of Cybersecurity	Bachelor of Science
Financial Engineering	College of Political Science and Economics	Department of Mathematics, Department of Business Administration, Department of Economics, Department of Statistics, School of Industrial and Management Engineering	Bachelor of Financial Engineering
Fashion Design and Merchandising	College of Education	Department of Home Economics Education, Department of Business Administration, School of Psychology, School of Art & Design, School of Media & Communication	Bachelor of Arts
Study of derivatives and financial Engineering <Deleted on Sept. 1, 2022>	College of Science and Technology	Data Computational Sciences in Division of Applied Mathematical Sciences, Department of Electro-Mechanical Systems Engineering, National Statistics in Division of Economics and Statistics, Big Data Science in Division of Economics and Statistics, Economic Policy in Division of Economics and Statistics, Global Business in Division of Convergence Business, Digital Business in Division of Convergence Business	Bachelor of Financial Derivative Engineering
Social Norms and Public Administration <Deleted on Mar. 1, 2025>	College of Political Science and Economics	Department of Public Administration, School of Law*	Bachelor of Arts in Social Norms and Public Administration
Public Service and Social Norms <Deleted on Mar. 1, 2025>	College of Political Science and Economics	Department of Public Administration, School of Law*	Bachelor of Arts in Public Service and Social Norms
PEP(Politics, Economics and Policy)	College of Political Science and Economics	Department of Political Science and International Relations, Department of Economics, Department of Public Administration, Department of Statistics, Department of Business Administration	Bachelor of Arts
Humanities and Justice	College of Liberal Arts	Department of Korean Language and Literature, Department of English Language and Literature, Department of Philosophy, School of Psychology, Department of Sociology, Department of German Language and Literature, Department of Linguistics, Department of Korean History, Department of History, Department of Sinographic Literatures, School of Law*, Department of Political Science and International Relations, Department of Economics, School of Media & Communication, Department of French Language and Literature, Department of Japanese Language and Literature	Bachelor of Social Humanities
Medical Science <Deleted on Sept. 1, 2022>	College of Life Sciences	Division of Life Sciences, Division of Biotechnology, Department of Physics, Department of Chemistry, Department of Medical Science	Bachelor of Science
Studies of Climate Change	College of Life Sciences	Division of Environmental Science and Ecological Engineering, Department of Food and Resource Economics, Department of Earth and Environmental Sciences, Department of Medical Science, Division of International Studies	Bachelor of Climate Change
Food Industry Management <Deleted on Sept. 1, 2024>	College of Health Science	Department of Food & Nutrition, Department of Food and Resource Economics	Bachelor of Economics

Brain and Cognitive Sciences	College of Infomatics	Department of Computer Science and Engineering, School of Psychology, Division of Life Sciences, Division of Environmental Science and Ecological Engineering, Department of Brain & Cognitive Engineering <정 2023.8.1.>	Bachelor of Engineering
Public Governance and Leadership	School of Interdisciplinary Studies	School of Law*, Department of Public Administration, Department of Economics	Bachelor of Public Governance
Digital Media Culture <Deleted on Sept. 1, 2022>	College of Culture and Sports	Major of Archaeology and Art History, English Studies in Division of Global Studies, Chinese Studies in Division of Global Studies, Korean Studies in Division of Global Studies, Global Business in Division of Convergence Business, Sport Business in Division of Global Sport Studies	Bachelor of Digital Media Culture
Software Technology & Entrepreneurship Program <Amended on Mar. 1, 2024>	College of Infomatics	Department of Computer Science and Engineering, School of Electrical Engineering, School of Industrial and Management Engineering, School of Law*, Department of Business Administration	Bachelor of Engineering
EML(Emerging Market & Latin America)	College of Liberal Arts	Department of Spanish Language and Literature, Department of Business Administration, Division of International Studies, Department of History, Department of Political Science and International Relations	Bachelor of Arts in Latin American Studies
Multicultural Korean Education	College of Education	Department of Korean Language Education, Department of Home Economics Education, Department of Education	Bachelor of Arts
IT Convergence Security <Deleted on Mar. 1, 2024.>	School of Cybersecurity	School of Cybersecurity, Graduate School of SW·AI Convergence, School of Media & Communication, School of Law*, Department of Business Administration, Department of Computer Science and Engineering	Bachelor of Engineering
Medical Convergence Engineering	KU-KIST Graduate School of Converging Science and Technology	KU-KIST Graduate School of Converging Science and Technology, Division of Biotechnology, Department of Chemical and Biological Engineering, Department of Materials Science and Engineering, Department of Mechanical Engineering, School of Electrical Engineering, School of Biomedical Engineering <Amended on Sept. 1, 2022.>	Bachelor of science in medical convergence engineering
Information Security	College of Infomatics	Department of Computer Science and Engineering, School of Cybersecurity, Department of Mathematics, School of Law*	Bachelor of Engineering
GKS (Global Korean Studies)	College of International Studies < Newly inserted on Mar. 1, 2022 >	Division of International Studies, Department of Korean Language and Literature, Department of Sociology, Department of Korean History, Department of Business Administration, School of Media & Communication, Department of Political Science and International Relations, Department of Economics	Bachelor of Arts in Korean Studies Major
LB&C(Language, Brain & Computer)	College of Liberal Arts	Department of Korean Language and Literature, Department of English Language and Literature, School of Psychology, Department of Computer Science and Engineering	Bachelor of Language, Brain & Computer(LB&C)
Humanities and Creative Industry	College of Liberal Arts	Department of Sinographic Literatures, Department of Korean Language and Literature, Department of Korean History, Department of German Language and Literature, Department of Chinese Language and Literature, Department of Russian Language and Literature, Department of Japanese Language and Literature, Department of Spanish Language and Literature, Department of Linguistics, School of Psychology, Department of Sociology, School of Media & Communication, School of Art & Design, Department of French Language and Literature	Bachelor of Arts

Medical Humanities	College of Liberal Arts	Department of English Language and Literature, Department of History, Department of Korean History, Department of Philosophy, School of Psychology, Department of Sociology, School of Law*, Department of Political Science and International Relations, Department of Medical Science, Department of Nursing, Division of Life Sciences, Division of Health Policy and Management, School of Health and Environmental Science	Bachelor of Medical and Health Humanities
Unification and International Peace	College of Liberal Arts	Department of Korean History, Department of History, Department of German Language and Literature, Department of Japanese Language and Literature, Department of French Language and Literature, Department of Sociology, Division of International Studies, Department of Political Science and International Relations, Department of Economics	Bachelor of International Peace
Interdisciplinary Major in Artificial Intelligence <Amended on Sept. 1, 2024>	College of Infomatics	Department of Computer Science and Engineering, Department of Brain & Cognitive Engineering, Department of Mechanical Engineering, School of Biomedical Engineering, School of Industrial and Management Engineering, School of Electrical Engineering	Bachelor of Engineering
Technology Entrepreneurship Major	College of Engineering	School of Civil, Environmental and Architectural Engineering, Department of Mechanical Engineering, School of Industrial and Management Engineering, Department of Materials Science and Engineering, School of Electrical Engineering, Department of Chemical and Biological Engineering, Department of Architecture, Department of Business Administration, Department of Computer Science and Engineering	BS in Technology Entrepreneurship
Microbial Convergence Technologies	College of Life Sciences	Division of Environmental Science and Ecological Engineering, Division of Life Sciences, Division of Biotechnology, School of Civil, Environmental and Architectural Engineering, School of Biosystems and Biomedical Sciences	Bachelor of Science in Microbial Convergence Technologies
New Energy Industry <Newly inserted on Sep. 1, 2022>	College of Engineering <Amended on Mar. 1, 2024>	Department of Integrative Energy Engineering, Department of Mechanical Engineering, Department of Chemical and Biological Engineering, School of Civil, Environmental and Architectural Engineering	BS in New Energy Industry
Interdisciplinary Digital Literary Studies < Newly inserted on Mar. 1, 2024>	College of Liberal Arts	Department of Korean Language and Literature, Department of Philosophy, Department of Korean History, Department of Sociology, Department of German Language and Literature, Department of Japanese Language and Literature, Department of Sinographic Literatures, Department of Linguistics, Department of Computer Science and Engineering, Department of Business Administration	Bachelor of Arts in Interdisciplinary Digital Literary Studies
Eco Smart City < Newly inserted on Mar. 1, 2024>	College of Engineering	School of Civil, Environmental and Architectural Engineering, Division of Environmental Science and Ecological Engineering	Bachelor of Science in Eco Smart City

Data Protection and Privacy < Newly inserted on Mar. 1, 2024 >	Division of Smart Security	Division of Smart Security, School of Law*, Department of Public Administration	Bachelor of Data Protection and Privacy
Next Generation Semiconductor Engineering < Newly inserted on Mar. 1, 2025 >	College of Engineering	Department of Materials Science and Engineering, Department of Chemical and Biological Engineering, School of Electrical Engineering, Department of Mechanical Engineering, Department of Physics	Bachelor of Semiconductor Engineering
Social Demography	College of Public Policy	Public Sociology in Division of Public Sociology and Korean Unification/Diplomacy, Division of Big Data Science, Economic Policy in Division of Economics and Statistics	Bachelor of Social Demography
Hallyu Culture Industry Management	College of Culture and Sports	Culture Contents in Division of Culture Creativity, Division of Big Data Science, Sport Business in Division of Global Sport Studies, Global Business in Division of Convergence Business	Bachelor of Arts and Culture Management
AI & Data Analytics	College of Science and Technology	Department of Computer Convergence Software, Division of Big Data Science	Bachelor of Engineering in AI & Data Analytics
Knowledge Industry Convergence < Deleted on Mar. 1, 2024 >	College of Global Business	Global Business in Division of Convergence Business, Department of Electronics and Information Engineering, Division of Big Data Science	Bachelor of Knowledge Industry Convergence
Public Enterprise and AI Management < Newly inserted on Sept. 1, 2022 >	College of Public Policy	Division of Public Administration, Division of Big Data Science, Global Business in Division of Convergence Business, Department of Computer Convergence Software	Bachelor of Business Administration in Public Enterprise Management
Convergence Bio Healthcare < Newly inserted on Sept. 1, 2022 >	College of Science and Technology	Department of Biotechnology and Bioinformatics, Department of Computer Convergence Software, Department of Electronics and Information Engineering, Department of Food and Biotechnology, Department of Environmental Engineering	Bachelor of Engineering
Autonomous Mobility System < Newly inserted on Sept. 1, 2022 >	College of Science and Technology	Department of Autonomous Mobility, Department of Computer Convergence Software, Department of Electronics and Information Engineering, Department of Electro-Mechanical Systems Engineering	Bachelor of Engineering
Eco-friendly Power System < Newly inserted on Sept. 1, 2022 >	College of Science and Technology	Department of Autonomous Mobility, Department of Future Automotive Engineering at Kongju National University	Bachelor of Engineering
Intelligent Vehicle Control System < Newly inserted on Sept. 1, 2022 >	College of Science and Technology	Department of Autonomous Mobility, Department of Advanced Automotive Engineering at Sunmoon University	Bachelor of Engineering
Advanced Sensor Convergence Device < Newly inserted on Sept. 1, 2022 >	College of Science and Technology	Department of Autonomous Mobility, Department of Electronic Engineering at Hanbat National University	Bachelor of Engineering
Display-System Semiconductor Materials, Parts and Equipment < Newly inserted on Sept. 1, 2022 >	College of Science and Technology	Department of Autonomous Mobility, School of Energy Materials and Chemical Engineering at Korea University of Technology and Education	Bachelor of Engineering
Smart Human Interface Design < Newly inserted on Sept. 1, 2022 >	College of Science and Technology	Department of Autonomous Mobility, Department of Smart Automobile at Soonchunhyang University	Bachelor of Engineering

Next Generation Communications Convergence <Newly inserted on Sept. 1, 2022.>	College of Science and Technology	Department of Autonomous Mobility, Department of Radio and Information Communications Engineering at Chungnam National University	Bachelor of Engineering
Mobility SW/AI Convergence <Newly inserted on Sept. 1, 2022>	College of Science and Technology	Department of Autonomous Mobility, The Division of Computer Convergence at Chungnam National University	Bachelor of Engineering
Interdisciplinary Major in Advanced Semiconductor Process & Equipment < Newly inserted on Mar. 1, 2024>	College of Science and Technology	Department of AI Semiconductor Engineering, Department of Electronics and Information Engineering, Department of Electro-Mechanical Systems Engineering, Division of Display and Semiconductor Physics	Bachelor of Engineering
Convergence Major in Smart Ecocity < Newly inserted on Mar. 1, 2024>	College of Science and Technology	Department of Environmental Engineering, Department of Electronics and Information Engineering, Department of Biotechnology and Bioinformatics, Data Computational Sciences in Division of Applied Mathematical Sciences, Division of Big Data Science, Economic Policy in Division of Economics and Statistics, Division of Smart Cities, Graduate School of Public Administration, Department of Accelerator Science	Bachelor of Engineering
